Laminate Tubes
Now offering higher percentages of post-consumer recycled content.

**BENEFITS**

- Can contain up to 63% post-consumer recycled plastic*
- Fully integrated, in-house supply chain for controlled quality and lowered freight emissions and cost

**HIGH END FINISHES**

- Silk Screen
- Hot Stamp
- Cold Foil
- Mirafoil
- Soft Touch

Reduce your overall package weight by pairing with the Divinity Snap-On Flip Top closure. It is 12% lighter than a traditional closure**

---

*Percentage representative of the tube and shoulder, closure not included. Final percentage is dependent on tube length and other additives.
**Compared to Berry Plastics’ Divinity screw thread closure.
